E.E.M.T - 2026

An officially approved State-Level Online Merit Test by the School Education Department, Government of Andhra Pradesh.

The E.E.M.T- 2026 examination, organized by Educational Epiphany, is a state-level assessment conducted in two stages: Preliminary and Mains. The syllabus can be accessed online, and the exam is targeted at students in the 7th and 10th grades. A total of 162 cash rewards are available, with monetary prizes for the top three positions at both state and district levels, amounting to a total prize pool of ₹9,00,000. The examination will be conducted online in partnership with CodeTantra, with each stage lasting 60 minutes, culminating in a total of 120 minutes. Students can take the Preliminary exam at home or school, while the Mains will be held at designated test centers within their geographical limits. Registration opens from October 15, 2025, to November 14, 2025, with mock exams scheduled prior to the official exam dates. Results for the Preliminary and Mains will be announced on December 7, 2025, and January, 2026, respectively, with the rewards presentation date yet to be confirmed. For further assistance, a helpline is available, and additional information can be found on the official website www.educationalepiphany.org

- **District Level (1st; 2nd;3rd)**

- **10th: ₹8,000; ₹6,000, ₹4,000**

- **7th: ₹5,000; ₹4,000; ₹3,000**

Total Rs.9,00,000.00

E.E.M.T 2026 Contact Information

For the EEMT stage I exam – Candidates can contact the HM/Mandal Coordinator/District Coordinator/ 9666747996/9951002400

1.What does the term "Epiphany" signify?

Answer: It refers to a sudden realisation of the significance of education. In the context of Educational Epiphany, it embodies the awakening to the critical role that education plays in personal and societal development.

2. What is the primary objective of the Educational Epiphany NGO?

Answer: The mission of Educational Epiphany is to raise awareness among students and parents regarding the importance of continuous education, with a focus on minimizing school dropouts in rural areas.

3. What are the key goals of the Educational Epiphany NGO?

Answer: - To promote awareness about the importance of education and higher studies

- To foster perseverance and self-confidence through EE Merit Tests and Awards

- To decrease the rate of school dropouts in government schools located in rural regions

4. Can you describe the team members of the Educational Epiphany NGO?

Answer: The members of Educational Epiphany come from diverse backgrounds and are not limited to a single school, village, Mandal, district, or state. The team comprises childhood friends, classmates, colleagues, and acquaintances united by a common goal to contribute positively to society through education, specifically aimed at motivating students in government schools.

5. Who constitutes the team, and how was it established?

Answer: The team consists of professionals residing in various states and countries. It was formed by a group of like-minded individuals, including friends and acquaintances, who share a commitment to addressing the challenges faced by children in government schools.

Q6. What is the process for informing students about the merit tests organized by Educational Epiphany NGO?

Answer: Once we receive official approval from the Department of School Education, notifications regarding the EE Merit Test (E.E.M.T) will be disseminated through the EE website. Additionally, district educational officers will distribute the official proceedings and registration links to all schools across the state. The conveners and coordinators will assist the NGO in increasing participation from more schools. Notifications and registration information will also be communicated to students via their headmasters.

Q7. What was the level of school participation in the previous E.E Merit

exams?

Answer: In the years 2023 ,2024, and 2025 over 10,000 schools took part in the E.E Merit exams.

Q8. What is the examination process?

Answer: Following the registration phase, each student will receive a unique hall ticket number and password. Notifications will be sent via WhatsApp and text messages. The E.E Merit Test is conducted as an online proctored examination utilizing CodeTantra software. During the exam, video recordings will be made, and results will be determined based on any violations recorded by CodeTantra.

Q9. How many levels are there in the examination structure?

Answer: The examination consists of two levels: prelims and mains. Students enrolled in government schools in the 7th and 10th grades are eligible to participate.

Q10: What are the criteria for promotion to the next level?

Answer: To be promoted to the next level, which is the Mains, students must achieve a minimum score of 40% in the prelims without any violations. This means that to be included in the final award list, students need to secure at least 50%. The exam consists of multiple-choice questions with four options, and there are no penalties for incorrect answers.

Q11: How does your online exam ensure the identification of the best students, particularly regarding concerns about cheating?

Answer: Educational Epiphany will receive a complete video record from Codetantra, which will help identify and eliminate students with significant violations before the final list is compiled. Violations include instances such as students not facing the camera, multiple face detections, and multiple voice detections. Our team of proctors will oversee the online invigilation process.

Q12: How many students are benefiting from this initiative?

Answer: A total of 162 students at the state and district levels will receive cash awards of Rs.9,00,000.00 (Nine Lakhs), certificates, and mementos. Additionally, potentially up to 4,000 students will be awarded merit certificates and medals if they secure the top 3 places at the mandal level

Q13: In what ways does this initiative motivate students?

Answer: By identifying and recognizing hidden talent through our Educational Epiphany Merit Test (E.E.M.T) and awarding cash prizes, certificates, and mementos in collaboration with district and state education officials, we provide a significant platform for students to showcase their abilities. This initiative serves as a powerful motivator, encouraging students to persist in their education despite financial challenges faced by their families.

Q14: What measures are in place to ensure data security and privacy?

Answer: The Educational Epiphany team prioritizes data security by utilizing GoDaddy servers and collaborating with Codetantra and other service providers under a Non-Disclosure Agreement (NDA) to safeguard information.

Q15: Are you gathering Aadhar information?

Answer: The Educational Epiphany NGO is not in the process of collecting Aadhar data from students.

Educational Epiphany is not charging any amount from the students, parents and teachers

Educational Epiphany NGO will submit the Non-Disclosure Agreement in the required format to the Department of School Education.
